

NCUC

ExPO22

14 – 18 MARCH 2022

**GET INVOLVED
IN THIS WEEK
OF EXCITING
ACTIVITIES.
DON'T MISS OUT!**

NCUC ExPO is a student-led event across NCG. It draws together students from HE programmes to showcase projects, share expertise, and enhance the student experience. Our aim is to highlight the Newcastle College community while showcasing what our students have to offer here and now, and in the future. This week-long event will focus on the student life cycle through three concepts:

HERE AND NOW

Show us what you are doing, what you are learning, what you are creating-what you are doing right here right now on campus.

WHAT'S NEXT?

What is your next step, do you know where you are going? You don't have to have all the answers right now but it's good to wonder what is next?

BIGGER THAN US

Sometimes things happen that are out of our control, sometimes things can shape who we become and where we go. Sometimes things are bigger than us.
